Vitaran Curegel

Polynucleotide and Hyaluronic Acid Gel

Advanced hair booster

BR PHARM

Key benefit of HP Vitaran CUREGEL

01 Highly contained, purified DNA polymer

High-concentration, High-purity Polynucleotide

02 Qualified origin of HA

Approved by US FDA and EU EDQM

03 Best ratio of ingredients

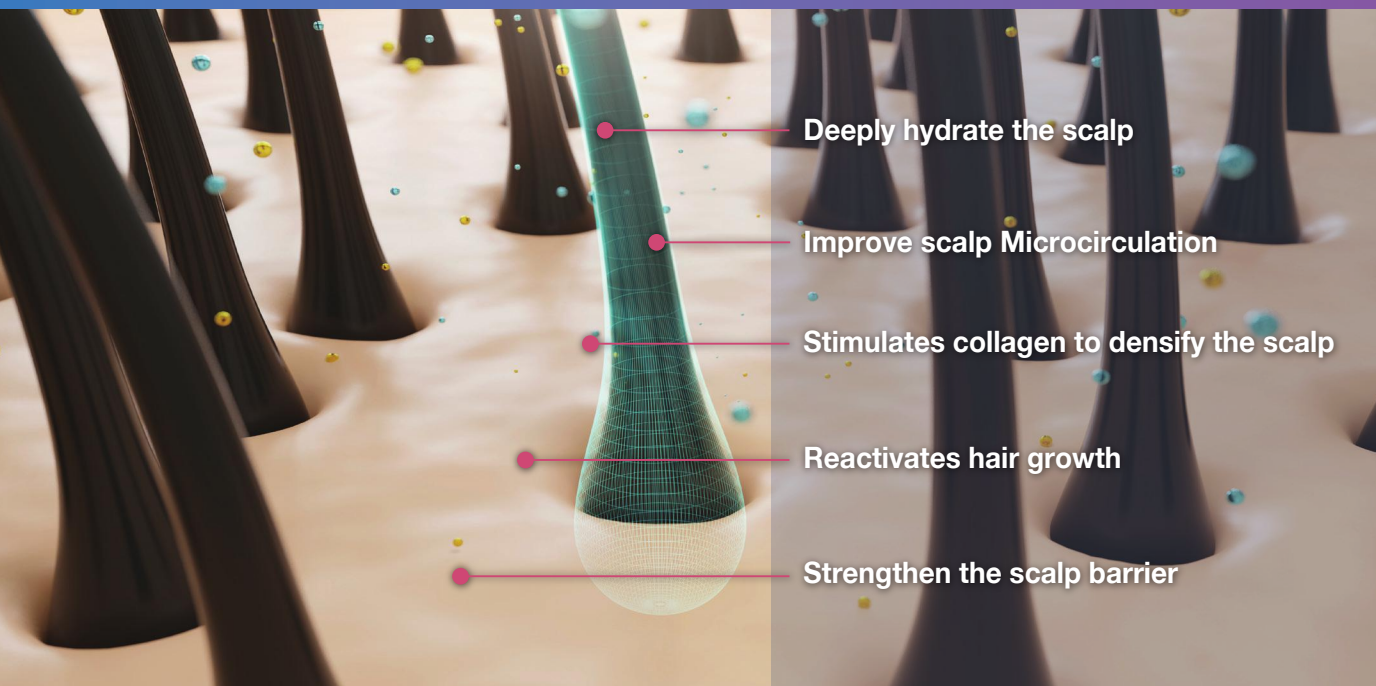

Determining the optimal formulation ratio for maximum efficiency based on cell proliferation rate

04 Effect proven by Abundant study

Hair regrowth and scalp health

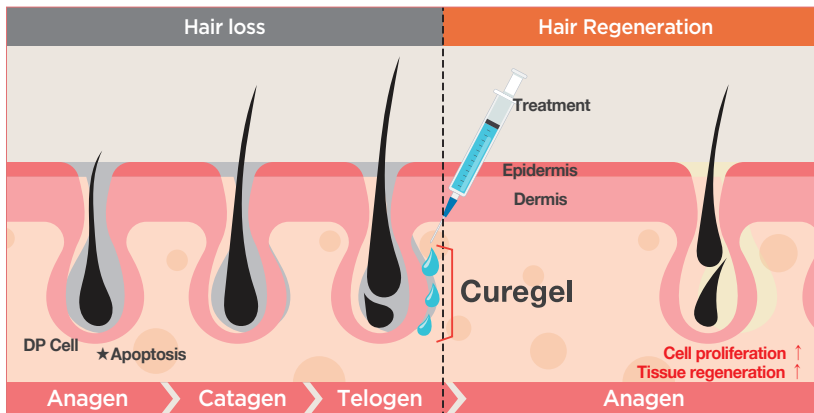

- *Optimal high-concentration PN & HA formula for exceptional scalp hydration, collagen stimulation, and revitalized hair growth*

5 Benefit of CUREGEL

WHAT IS HP VITARAN CUREGEL

Hair regeneration with HP VITARAN Curegel

- Provides optimal moisture for a healthy scalp environment
- Densifies the scalp
- Reactivates hair growth

Role of key ingredient in CUREGEL

Polynucleotide(PN)^[1]

- Soothes scalp by **reducing inflammation**
- **Enhances blood flow** and **promotes new capillary growth**

Hyaluronic acid(HA)^[2]

- **Maintains scalp moisture** for healthy balance

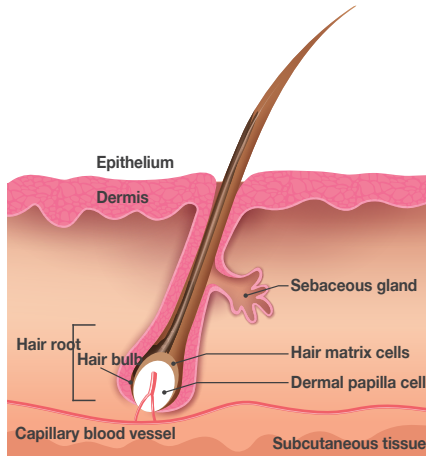

Succinic acid(SA)^[3]

- **Boosts energy production (ATP)** for scalp vitality
- **Protects scalp cells** by neutralizing free radicals through a potent scavenger effect (**Antioxidant action**)

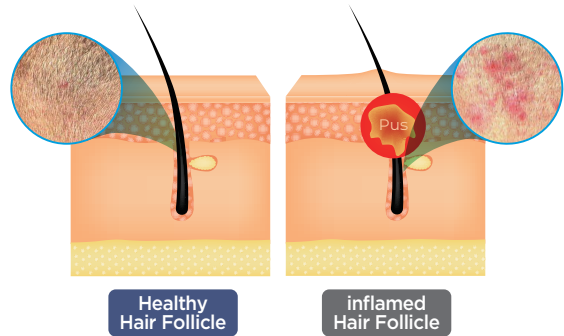

How PN effectively targets hair loss

Improve blood flow^[5]

- ✓ PN promotes the creation of **new capillaries**, improving blood flow to the scalp

Reduce hair follicle inflammation^[6]

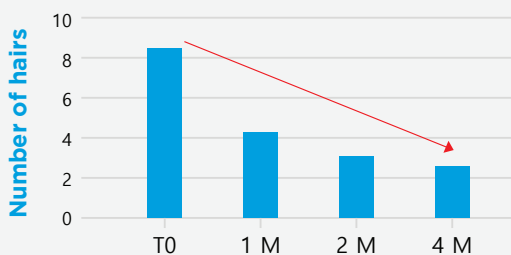

- ✓ Reduce inflammation, improving scalp and follicle health

Clinically proven PN solution for hair regrowth and scalp health

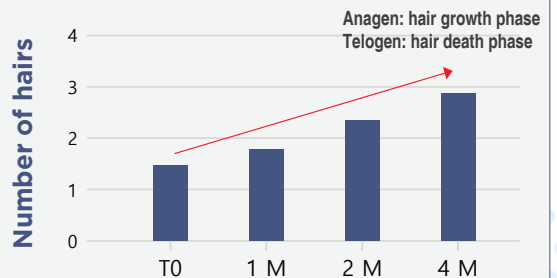

- Hair regrowth , improved up to **77%**
- Hair shedding reduced up to **47%**

• Pull Test Result

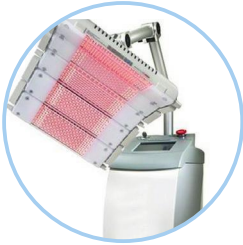

No signs of abnormal hair loss in the pull test

• Assessment of hair health

Healthy hair growth, where more hairs are in the growth phase (anagen) than in the resting phase (telogen)

How to Use

• Hair regrowth laser

• Minimally invasive method

• Multi injector

• Derma pen

- Important to provide enough moisture after the treatment to prevent dryness and redness

Our product is sterilized to ensure safety and quality

Recommended usage

- **1 session every 2-3 weeks for a total of 4 sessions**
- **followed by 4 sessions performed at 3-4 weeks intervals**
- **Repeat the course every 6 months**

★ HP VITARAN CUREGEL most effective when used in conjunction with standard hair loss treatments

Recommended for

• Androgenic alopecia (men/women)

• Telogen effluvium

• Adjuvant therapy post-hair transplantation
